All the Project Officers of RVM (SSA) in the State are aware that instructions have been issued vide reference cited to procure the games and sports material for upper primary schools from SETWIN as it has been identified as nodal agency at state level. But, certain organization of physical education teachers have brought to the notice of the undersigned that School Management Committees only will decide suitable material for their schools and requested to issue orders for procurement of games and sports material by School Management Committees.

In view of the above and in partial modifications to the orders issued earlier, it is decided to procure games and sports material in a decentralized manner by School Management Committees as per the requirement and not through centralized procedure as decided earlier. Therefore, all the Project Officers are requested to give instructions to the Headmasters of all the upper primary schools in their concerned districts to place order on SETWIN for procurement of required material duly meeting funds from School Grant / unspent balances of previous year. A list of suggestive material along with rates is enclosed. After procurement of material the Headmasters shall pay the amount to the SETWIN as per the rates quoted by SETWIN.
